. THE WAY IT IS! The know-nothings are complaining that Gov. Jourson is filling his East Tennessee appointments. He is not doing so. In the belief that the knownothing would send speakers to the remaining appointments, Gov. Jourson, with a vigilance for which the democracy of the State owe him their gratitude, visited the place of these remaining appointments, simply to guard against cowans and ever-droppers. He makes no speeches, but shows himself to the people, and explains the reasons why the canvass is closed. If he had not visited these places, there would have been half a dezen know-nothing speakers there.

LOOK OUT FOR FRAUDS. A democrat informs us that he has been shown a democratic ticket with the Cross on it. If such a ticket is in circulation it has been printed at the know-nothing offices, for the purpose of prejudicing the democracy. No such ticket has been or will be printed at this office; and we warn every person who may see such a ticket that it is a base fraud, got out at some know nothing office. Let it be denounced as such.

AMERICAN COUNCIL NO. 5,

TO THE PUBLIC OF THE UNITED STATES!

A Nadvertisement of Mr. UPOLPHE WOLFE, lately—A published, as I suppose, intended for the protection of his Schiedam Schuapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiedam Schuapps, were I to let it pass without notice through this medium, I might be considered among those he denominate "Pirates and Venders of Poison;" but the immense patronage and success that has attended the sale of the articles manufactured by me, a d the opinion of compotent judges as to its qualities as a beverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugu. Ne d ubt he feels aggrieved at the depreciation of the sale of his Schuapps which is manifest to all, since mine has been brought into competition with his. Not only have I succeeded in competing with him in quality, but the constant and increasing demand for my article, has enabled me to furnish it at a less price than he can, or does—say \$3 00 in the dozen. And furthermore, he will soon become satisfied that his caution to the citizens will of the "Southern and Western States" avail him nothing as far as I am concerned, for the character of my Schiedam Schnapps is too well established in those ritates, to be injured by any such invidious publication. The motive of his advertisement is obvious to every one, and feeling well satisfied that all such missiles thrown at me by him will fall barmless at my feet, I will here, for the satisfaction of the public, publish a copy of my Patent Right entered in the Southern District of New York, on the 28th of December, 1854.

the 18th of December, 1854,

SOUTHERN DISTRICT OF NEW YORK, S. S.

Be it remembered, That on the twenty-eighth day of December, Anno Domini, 1854, Barnard L. Simpson, of he said District, hath deposited in this office the title of a print or label, the title of which is in the words following to wat: "Barnard L. Simpson's Aromatic Schiedam Juniper Schnappa, a su zerior Tonic Anti Dispentic Invigorating Cordial," the right whereof he claims as author and proprietor, in conformity with an act of Congress, entitled "An Act to amend the several Acts respecting copyrights."

GEO W. MORTON,

Clerk of the Southern District of New York.

And I take pleasure on this occasion to tender my sin-cere thanks to the public in general, and to my friends in particular, for the kind liberality with which they have patronized me from my commencement of this enterprize; and I assure them, that I shall continue to provide them always with a genuine and superior article of Schiedam Schnapps.

B. L. SIMPSON. June 80, 1855—d—3m

The word Schiedam Schnapps is derived from a town in Holland, called "Schiedam," which is celebrated as a place of extensive Juniper Plantations and numerous Dis tilleries of the above article, Everybody has the right and privilege to order the Ju-

niper Extract (a principal ingredient of the Schnapps) from that piace. Does it not appear now poor and deceitful when U. W. is trying to make a wrong and untrue impression on the Public, saying that the word Schiedam Schnapps belongs exclusively to his article, and that all others are Counter-

feits and Impositions? 8. W. has no monopoly, neither more right for the sole importation of the Schiedam Schapps than anybody else, and this poer argument with which he intends to continue his long practised deception on the public, shows too plain that he feels and is now aware of an important and dashing opposition. Mr. J. H. Semmons—Sir: The use I have made of the pair of Glasses obtained from you, satisfies me of the utility and value of the form and material by which they are distinguished. Without magnifying the object beyond the size-apparent to the natural vision, they render it dis-

tinet and clear without langue to the eye. So far as my limited experience extends, I am very much pleased with them. Very respectfully, your ob't serv't, H. McMAHON. From Hon. George D. of hours does not fatigue the eyes in the least, and the vis-ion of age is rendered by them in all respects like that of Mr. J. H. Semmons - Dear Sir: I have carefully examined your Brazilian Pebble Spectacles and most cheerfully add my testimony to their superiority over any other

lenses I have yet seen.

Besides the philosophy of this form, shape, &c , the remarkable transparency and hardness of the material render them peculiarly adapted to the purposes of assisting impaired vision, which unlike other speciacles do so, without fanguing the eye by their use.

I can cordially recommend your Brazilian Pebbles to my triends as specially worthy of their contidence, and feel

The condition of the stomach is of vital importance. No man, woman, or child can be bealthy unless the work of digestion is regularly, thoroughly, and vigorously performed. With three fourths of civilized society, this is not the case. And yet the remedy is within the reach of all. Hoofland's German Bitters, prepared by Dr. C. M. Juckson, Philadelphia, will as surely create a regular and healthy action of the stemach as oil will lessen the friction of machinery. Let the victim of dyspepsia or indigestion in any of its forms, try it, and we guarantee a good appetite, physical vigor, firm nerves, sound sleep by night, and increased cheerfulness by day.

FARNESTNOR'S VERMIFUGE.-Regular practitioners make an exception in favor of this Vermifuge, and not only use it in preference to their own preparations, but give their voluntary testimony in its favor. The following is from a physician of high character, in Illinois: SHAWNERTOWN, Ill., June 4th, 1853,

Mesare. B. A. Fahnestock & Co. GENTLEMEN: —I have used B. A. Fahnestock's Vermifuge in the practice of Medicine, in this and the Southern States, for the last ten years, and I can recommend it as the medicine for the purpose for which it was intended; bringing, at one time, from a small girl, of say ten years of age, ONE HUNDRED AND SEVENTY-NINE WORMS. As a druggist at Shawneetown, I have sold a great quantity, and it has invariably given satisfaction. In fact, it is the only worm medicine now called for.

THE MOST WONDERFUL Discovery of the Age.

THIS remarkable preparation contains no alcoholic stimulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the secretions, and does not color the hair, but acts upon the secretions, and secretive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to complete ly restore their impaired or lost functions. All this the proprietor has a right to say, for it has done all this for him. At the age of thirty-seven he was as grey as the man of seventy, and his hair nearly all fallen off; but he now has an abundant crop, and no person would ever imagine that he ever had a grey hair; and his hair is as soft and pliable as though it had been recently cited. This is not an isolated case, it has done the same for many others, as the following certificates abundantly prove.

as the following certificates abundantly prove-Prof. O. J. Wood-Dear Sir: Unsolicited I send you this certificate. After being nearly baid for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial I placed myself in the hands of a barber and bid my head rubbed with a good stiff brush, and the and hid my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong—soft and pleasant to the touch, whereas before it was tursh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect cross of him. a good and perfect crop of bair. Now I have read of these things—and who has not?—but have never bitherto seen any case in which any person's hair was ready benefited by aid of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and generel sale throughout the Terri tory The people here saw its effects and have confidence | White Linea do; in it.
